Air desk*

MODERATOR
CAM GRYLLS

*Senior Specialist, Medical Response,
Fire and Emergency New Zealand*

Kathryn has been in a leadership role for the National Air Desk as the Clinical Team Manager and more recently as Clinical Support Manager – Air desk. The Air Desk is still very much in a growth and development phase which provides an exciting and challenging workspace. Kathryn has a nursing degree and has worked in Spinal Orthopaedics, General Surgery and ED. She then moved to ICU for three years and on to Flight Nursing for the Life Flight Trust in Auckland where they specialized in ECMO and other ICU retrievals. In 2015 she left flight nursing to work fulltime with St John. She has been an Intensive Care Paramedic for 4 years and a Critical Care Paramedic for 18 months.

The webinar topic will Include:

- What is the National Air Desk and how did we come into being?
- What is the role of the Air Desk?
- How do we make tasking decisions?
- What is the ANTS criteria?
